

## LOCAL AND PERSONAL

### THE ELECTION.

Following are the results of the July 27th Democratic Primary election held in Medina County as compiled from the telephone reports and furnished to the Election Bureau for the daily papers. The results by precincts for the principal contested offices will be published following the official count by the Executive Committee next Saturday, July 30th:

For Submission, 917; Against, 188.  
Governor: Armstrong, 4; Evans, 15; Ferguson, 726; Frakes, 5; Glenn, 1; Hunter, 248; Putnam, 5; Sterling, 22; Wolfe, 15.

Attorney General: Allred, 724; Becker, 58; Calhoun, 342.

Superintendent of Instruction: Shaver, 302; Woods, 868.

Railroad Commissioner (Six Years): Patterson, 626; Satterwhite, 119; Tennant, 43; Terrell, 308.

Railroad Commissioner (Four Years): Culberson, 188; DeWare, 264; Hatcher, 350; Murphy, 152; Thompson, 105.

Supreme Court: Hickman, 432; Piersen, 363; Speer, 259.

Congress, Place 1: Adams, 64; Cox, 25; Darden, 108; Hood, 26; Jurney, 185; Nelson, 6; Parrish, 17; Reed, 23; Schleicher, 46; Senter, 21; Terrell, 288; Westbrook, 25; Williams, 198.

Congress, Place 2: Bailey, 154; Davis, 182; Downs, 35; Fisher, 59; Gill, 20; Hawkins, 35; Holcombe, 294; Myers, 9; Sartin, 43; Sulak, 234; Warner, 16.

Congress, Place 3: Boog-Scott, 72; Bickett, 251; Cargile, 24; Harigel, 77; Hyer, 8; King, 10; Lea, 3; McGregor, 88; Meaney, 4; Mitchner, 2; Real, 36; Sasse, 227; Strong, 180; Warner, 18.

Senator, 29th District: Berkeley, 349; Fuller, 75; Regan, 83; Stewart, 471.

Representative, 77th District: Caldwell, 644; Johnson, 553.

Our latest available figures on the governor's race in the recent primary election are as follows: Mrs. Ferguson, 364,625; Hunter, 198,545; Sterling, 264,954. According to these figures Mrs. Ferguson has a lead of 96,671 votes over Ross Sterling. The figures are as compiled by the Texas election bureau and nearly all are complete. There will be a run off between Mrs. Ferguson and Sterling in August.

## Celebrate Golden Wedding

MR. AND MRS. J. D. HUESCHEN.

Hondo, Texas.—On April 15, Mr. and Mrs. J. D. Hueschen celebrated their 50th anniversary of married life with a barbecue dinner to their friends and near relatives. About 75 were in attendance. At the opening of the feast, Rev. E. W. Dechert of the New Fountain M. E. Church, made an appropriate address to the aged couple, then followed the dinner under the shady live oak. The afternoon was spent in entertainment, playing games and singing.

Mr. and Mrs. Hueschen are of the old pioneer stock who came from Germany with the Henry Castro colony. Their parents after visiting several sections of Texas finally settled in the Quihi Community, where they started life anew. J. D. Hueschen was born May 21, 1857, in Fort Clark where his father had found work cutting prairie hay for the army camp at that place. Mrs. Katherine Heyen Hueschen was born in April, 1882 and have resided in a

## HONDO BOY INJURED IN CALIFORNIA.

The following clipping from a Watsonville California, newspaper will be of interest to many readers of the Anvil Herald:

Dan L. Strawn, Watsonville police sergeant, suffered the loss of his left arm in a tragic automobile accident which took place on the Watsonville-Salina highway at 8:30 last night. The arm was almost completely severed, and later was amputated at the Watsonville Hospital, where the injured man was taken.

Officer Strawn was riding in a light coupe with two girls, when one, who was driving, failed to make a sharp curve in the road. The car hit the soft dirt and turned over. As Strawn was rendered unconscious by the crash he was unable to tell exactly what happened. His girl companion, however, said the car, which was in "free wheeling" at the time, ran into soft dirt at the side of the road and in an effort to right it the driver pulled the wheel sharply from side to side, finally resulting in its turning over several times.

The girls were thrown clear of the machine and escaped with minor scratches and bruises. They believed Strawn was not thrown out of the car at all, but probably his arm was caught in the door as the catapulting machine rolled over and over. The only place where blood was found on the car was on the running board; but this could have occurred by dripping from the closed door.

One of the girls fainted from the sight of blood and when relief came, Officer Strawn's police training and instinct came to the front. Notwithstanding he was the only member of the party badly hurt, he superintended placing the girls in the care and himself directed the excited youths who brought the party to the hospital, finding it necessary more than once to warn them to be careful in the speedy drive through town.

Fellow members of the force who visited Strawn at the hospital said he was smiling as cheerfully as ever, and was taking his tragic misfortune with unflinching fortitude.

"Well, it was just one of those things," Strawn said, as he smiled a greeting to Sergeant Graves this morning, when the latter called at the hospital. He was sitting up and said he felt "great".

Dan is one of the four sons of Mr. and Mrs. L. G. Strawn of Hondo and was reared here, attending the local high school. His parents have received a letter from him stating that he is out of the hospital, his amazing vitality having enabled him to stay three weeks required for such an operation. He plans to be back on the job within thirty days.

## SWIMMING PARTY.

A group of young people met at the home of Mr. and Mrs. Isaac Wilson Saturday evening, and motored to Castroville where they enjoyed a swimming party. Hosts were Miss Thelma Wilson and brother, George Isaac.

A watermelon supper was served after the swim and dancing was enjoyed until time to return home.

The guests were Misses Jessie Goff of Goose Creek, Irene Mechler, Charlotte Miller, Mary Ruth Wilson, Lucy Davis, Hettie Nester, Thelma Wilson, Mrs. Rudolph Rath, and Messrs. August Finger, Jack Droitcourt, Jack Muenink, Frank Rucker, Bradley Bailey, Russell Speece, Fritz Leinweber, Carroll Jones, Joe Harvey and George Isaac Wilson.

## BRIDGE PARTY.

Mr. and Mrs. Earl Cureton entertained a small group of friends with a delightful bridge last Tuesday evening, having four tables of players. Summer blossoms and fern were attractively arranged about the home.

High score prize was won by Mrs. Earl Boon, low prize was awarded Mrs. Garland Martin and consolation to Mrs. Will Crow.

A refreshing salad course and iced grape juice were served to the following: Mr. and Mrs. Henry Windrow, Mr. and Mrs. Will Crow, Mr. and Mrs. Garland Martin, Mr. and Mrs. Ed. Connevey, Mr. and Mrs. Alfred Schweers, Mr. and Mrs. I. Bedell, Mr. and Mrs. Robert Kollman, Mrs. Earl Boon, and the hosts, Mr. and Mrs. Cureton.

Lost, in the last rise in the Hondo creek a wagon bed and the hind part of a farm wagon. A reward will be paid for recovery of these parts. H. J. Wiemers, Phone 967F2, Hondo, 2t.

MRS. MIRIAM A. FERGUSON.

Leads in Hondo, in Medina County and in all Texas.

## NEW TEST WELL IN MEDINA COUNTY.

Medina County oil prospects continue to brighten up with the drilling of a new test well on the L. J. Brucks place south of Hondo and a few miles north of the Ina field. The new well is being drilled northwest from the old Painter No. 1, which was drilled in the Southeast corner of tract No. 367 of Henry Castro Survey in Medina County. The Painter No. 1 was completed on November 15, 1928, when it had showings of oil at 225, 335, 467, 496, 562, 585, and 735 feet, and 21 feet of pay sand from 845 feet to the bottom of the hole at 866 feet, where the well was stopped. It was tested for a good producer out was lost by too heavy a shot of nitro gelatine. From all authentic reports this was a true oil sand, practically void of shale, and if it had been properly handled in all probability would have been the beginning of a very valuable productive field.

Drilling has now been begun northwest of the old well and it is to be hoped that this test will be handled in a very workmanlike manner and when completed will prove the fact that oil in paying quantities is to be had here in Medina County.

Mr. Ryall, our informant, wishes to keep Hondo and Medina County informed of the new well and in return is receiving the intense interest of citizens of this community in the well. Mr. Ryall has a fine tract of leases blocked up around this new test in which he has great confidence.

## REV. PALLANCHE DEAD.

The following notice from a San Antonio paper will be of interest to many Anvil Herald readers:

Solemn requiem high mass will be held at Cuero at 10 A. M., Thursday for the Rev. Francis Pallanche, pastor of the St. Michael's Catholic Church of Cuero, who died suddenly Tuesday morning. Archbishop A. J. Dros-saerts of San Antonio will pronounce the absolution after mass and interment will follow in the sanctuary of the church, in accordance with the Rev. Father Pallanche's wishes.

Surviving are: Two brother, Sebastian and Antoine of Lyons, France; one sister, Marcelline of Lyons, and a nephew, John, of Lyons.

Father Pallanche was pastor of St. John's Catholic Church here for several years, leaving here for Cuero, and during his pastorate here made a wide circle of friends not only in his congregation but among others as well who will be shocked and saddened by his sudden death. Rev. Pallanche was instrumental in founding St. John's Catholic School here. In Cuero he carried on his wonderful work for his Church, the beautiful St. Michael's Church which was completed about a year ago being the result of his labors there. There are many here who regret his passing and who will ever remember him for his love of his Church, his kindnesses and his loyal friendships.

## LEGISLATURE RACE.

Uvalde, Texas, July 25.—In the most hotly contested race ever held here for Representative of the 77th District, A. P. Johnson of Carrizo Springs was re-elected over his opponent, Joe W. Caldwell, Jr. of Asherton by a majority of 32 votes. Dimmit and Uvalde Counties gave Johnson majorities of 117 and 57, while Medina and Zavalla Counties gave Caldwell majorities of 106 and 36. Johnson will be a candidate for speaker in the next Legislature.

No-Sag-Gates. HONDO LUMBER CO. 24-1t

## Days We'll Never Forget

LA COSTE LEDGERETTES

From The LaCoste Ledger.

DIED.

Little Joseph Garvis Zimmermann, the infant son of Mr. and Mrs. Edmund Zimmermann, died at the home of his parents at 2502 Saunders Ave., San Antonio, Texas, at 8:00 P. M. Sunday, July 17th, 1932.

Funeral was held from the residence, Monday afternoon, at 4:00 o'clock, with services at Sacred Heart Church. Rev. Joseph Jacobi officiated.

Interment was made in San Fernando Cemetery No. 2. Arrangements by Henry A. Guerra Funeral Home.

We extend our sympathies to the grief-stricken parents and brothers and sisters in this their hour of grief.

SPARK SETS SHUCKS ON FIRE.

While shelling corn for Mr. Fritz Geiger, just east of LaCoste, Tuesday morning, a few minutes before 12:00 o'clock, a spark from the tractor set the shuck stack on fire. The fire was immediately noticed by some of the men working there, but the flames spread very quickly, and in a few moments enveloped the complete stack of shucks and the barn. The hands present had barely time to save the tractor, sheller and wagons.

There were about 100 bushels of corn left in the bin when the fire broke out.

Mr. Geiger's loss is approximately \$800.00. The barn was practically covered by insurance.

GERMAN BAND MAKES HIT AT CASTROVILLE.

Niemeyer's Family Orchestra, the famous German band and entertainers from Shiner, Texas, made a big hit, Sunday night, in their initial engagement at the Electric Park Pavilion here.

A large crowd was present to hear the real old time music and singing. Otto Niemeyer featured with the flute and singing old-time melodies.

"In Lauderbach hab ich mein Strumpf verloren," and many others. Everybody, old and young, had a most enjoyable time, dancing to the old time tunes in the coolest and neatest hall in the county.

Milton Wurzbach from Cliff was a business visitor here last Friday.

Mr. and Mrs. Frank J. Keller, Jr., spent Monday evening at Castrovilla. Thomas Kirby from Atascosa was a business visitor here Wednesday.

Ariel A. Baby from Cliff was here on business Tuesday.

Alfred Bourquin from Riomedina was a LaCoste visitor Tuesday.

Miss Florence Obets of San Antonio is spending her vacation with relatives here.

Mr. and Mrs. H. F. Keller and family spent Monday with relatives at Castrovilla.

E. B. Haegelin from above Riomedina was hauling grain to local dealers Tuesday.

Mrs. Ralph Tschhart and daughters from Castrovilla were visiting homefolks here Tuesday.

Mr. and Mrs. Elmer Jungman spent Sunday with Mr. and Mrs. Emil Elmendorf in San Antonio.

Alfred Stein from the French Settlement was a business visitor here Wednesday.

Mrs. Robert Nickell and baby returned to her home at Spofford, after visiting relatives here this week.

Mr. and Mrs. Eddie Grossenbacher from the Sauz were visitors here Wednesday.

Mr. and Mrs. Manuel Schuchart and daughter from Riomedina were San Antonio visitors last Saturday.

Mrs. Phil A. Scherrer, Mrs. Wm. Bohl and Paul Echtle visited friends at Riomedina Sunday.

Miss Clara C. Scherrer of Shertz spent the week-end with homefolks at the Sauz.

Jos. L. Tondre and son, Victor, from Castrovilla were business visitors here Tuesday.

Capt. L. W. Burell from above Castrovilla was a LaCoste visitor Tuesday.

Capt. F. S. Hayes and Mrs. P. A. Welty from Natalia were visitors here Monday.

Mr. and Mrs. Clarence Mumme of near Hondo were visiting H. J. Reus and family here Sunday.

Mr. and Mrs. Chas. R. Loessberg from San Antonio were visiting here Monday.

Mr. and Mrs. John Tragesser, proprietors of the Electric Park Pavilion at Castovilla, were visitors here Tuesday.

Mesdames Geo. Kunze and Albert Geiger and Miss Lena Geiger were visiting Mrs. John Geiger at the M. & S. Hospital last week Thursday.

Miss Annie Geiger underwent an operation at the Santa Rosa Infirmary last Friday. Miss Geiger's friends wish her a speedy recovery.

Messrs. John Geiger and A. L. Kriewald were San Antonio visitors Sunday. They were accompanied home by Mrs. John Geiger.

Mr. and Mrs. Louis Mangold and daughter, Miss Irma, from Castrovilla were visiting relatives here Monday evening.

Mr. and Mrs. E. J. Keller and sons were the guests of Mr. and Mrs. Emil Elmendorf in San Antonio. E. J., Jr., remained for a week's visit.

Mrs. Paul Flathouse and daughter, Miss Caroline, from Macdona were visiting R. Gross and daughter, Miss Annie, here Wednesday.

Mr. and Mrs. Robert Mechler, Mrs. John M. Mechler and Mrs. Eddie Grossenbacher were San Antonio visitors Monday.

Miss Julia Scherrer returned to San Antonio Sunday, after spending her vacation with her parents at the Sauz.

Mr. and Mrs. Henry Salzman and daughters, Olivia and Janie, visited Mr. and Mrs. G. F. Griffin and baby at Atascosa Monday.

Mr. and Mrs. C. C. Bippert and sons from Cliff and Mr. and Mrs. Allen Bippert from Hondo were visiting relatives here last week Friday.

Mr. and Mrs. A. F. Bippert were visiting Capt. and Mrs. F. S. Hayes and Mrs. Bertha Bippert at Natalia Sunday.

Mrs. G. F. Griffin and little son, Thomas, spent last week-end with Mr. and Mrs. Henry Salzman and family here.

Dr. J. W. Jones returned last Wednesday, July 13th, from his trip to Arkansas where he visited relatives. The Doctor reports a fine trip.

Mr. and Mrs. Louis Biediger and Mr. and Mrs. J. C. Biediger and sons, Johnnie and Thomas, were visiting Mr. and Mrs. W. A. Luckenbach and family at Seguin Sunday.

Mr. Frank Keller returned home Tuesday, after spending almost two weeks at the Santa Rosa Infirmary, where he was taking medical treatments.

Mr. and Mrs. George Christilles and Misses Marie and Faustina Christilles left Monday morning on a few days pleasure trip to Corpus Christi.

Mr. and Mrs. John Grossenbacher and grandson, Marvin Uhl, from the Petranco were visiting Mr. and Mrs. August Grossenbacher at the Sauz.

Mr. and Mrs. Eddie Grossenbacher, Miss Kathleen Keller and Edward Mechler spent the past week at Corpus Christi, returning home Sunday, and reported having had a very pleasant trip.

Hon. A. P. Johnson, candidate for re-election to the office of Representative of the 77th District at the Primaries next Saturday, and Judge R. J. Noonan from Hondo were visitors here Monday.

Mrs. Wm. Geiger and daughter, Miss Alma, and son, Paul, were visiting Mrs. John Geiger at the M. & S. Hospital in San Antonio last Thursday.

Mr. and Mrs. Jacob Rihn and sons, Edwin and Ernest, from Spindletop and Mr. and Mrs. Elmer Jungman attended the funeral of the infant son of Mr. and Mrs. Edmund Zimmermann, in San Antonio Monday afternoon.

Misses Agnes, Clara, Julia, Angelina and Margarite Scherrer, Olivia Echtle, Irene Schmidt, Clementina and Annie Keller and Messrs. Henry, George and Willie Zinsmeyer and Henry Echtle visited the Sisters at the Lady of the Lake Convent Sunday afternoon.

Henry Salzman and son, Raymond, were business visitors at Noonan Wednesday.

Mr. and Mrs. F. A. Bohl were the guests of Mr. and Mrs. Wm. Wengeroth and baby at Riomedina Sunday.

Mrs. Adolph Zinsmeyer and daughter, Miss Aline, and Misses Agnes, Julia and Angelina Scherrer were Hondo business visitors Friday.

Announcement rates:  
Precinct office \$5.00  
County office \$7.50  
All others \$10.00

FOR STATE SENATOR.

We are authorized to announce BENJAMIN FRANKLIN BERKELEY of Alpine, Brewster County, Texas for re-election to the office of State Senator for District No. 29.

FOR REPRESENTATIVE 77TH DISTRICT.

We are authorized to announce HON. A. P. JOHNSON as a candidate for re-election to the office of Representative of the 77th Legislative District of Texas, subject to the Democratic Primary.

We are authorized to announce JOE W. CALDWELL, JR., as a candidate for Representative from the 77th Representative District of Texas, subject to the action of the Democratic Primary of July 23, 1932.

FOR TAX COLLECTOR.

Upon the solicitation of many taxpayers I hereby announce myself as a candidate for the office of Tax Collector of Medina County subject to the November election.

Your vote and support will be greatly appreciated.

Respectfully,  
P. C. JAGGE.

To the Voters of Medina County: I hereby announce myself as a candidate for Tax Collector of Medina County at the November, 1932, election. Your vote and support will be highly appreciated.

OSCAR L. SAATHOFF.

To the Voters of Medina County: In submitting my candidacy for the office of Tax Collector of Medina County for another elective term to the voters of the county at the next November election, it is my purpose to stand on my record since coming into that office. If, therefore, you believe that I fully measured up to the confidence reposed in me as collector, and that I have fully discharged the duties of the office, I shall assume to solicit your support for the re-election to said office. And if elected, I shall continue to discharge the duties of the office as promptly, fairly, and impartially to everyone as my knowledge of the situation will permit.

Sincerely yours,  
F. G. MUENNINK.

FOR COUNTY CLERK.

To the Voters of Medina County. I hereby announce my candidacy for the office of Clerk of Medina County, subject to the November election, and respectfully solicit your vote and support.

HERBERT DECKER.

Thanking the voters of Medina County for their loyal support given in the past, I hereby announce as a candidate for re-election to the office of County Clerk of Medina County, subject to the November 1932 election, and earnestly solicit your vote and influence for re-election, and promise if elected to continue to render courteous, prompt and efficient service.

Gratefully Yours,  
S. A. JUNGMAN.

FOR TAX ASSESSOR.

In announcing my candidacy for re-election to the office of Tax Assessor, it is a deep sense of gratitude that impels me to express my appreciation to the voters of Medina County for their liberal support and for

the confidence they have reposed in me in the past.

Assuring you that if I am re-elected I will endeavor to discharge the duties incumbent upon me as Tax Assessor as I have in the past, impartially and to the best interests of Medina County, I respectfully solicit the votes and support of all voters of Medina County.

Respectfully,  
L. E. HEATH.

FOR COMMISSIONER PRECINCT NO. 1.

Wishing to serve the public in the upkeep and improvement of roads, I hereby announce myself as a candidate for the office of Commissioner of Precinct No. 1, at the November election. Your vote and support will be appreciated.

Yours respectfully,  
JOHN H. WIEMERS.

Upon the solicitation of many friends I hereby announce myself as a candidate for the office of County Commissioner of Precinct No. 1 of Medina County, at the November election, and respectfully solicit your vote and support.

Respectfully,  
HENRY LEINWEBER.

To the Voters of Precinct No. 1, I hereby announce myself as a candidate for Commissioner of Precinct No. 1, Medina County, at the November election, and respectfully solicit your vote and support.

ALFRED G. BRUCKS.

To the Voters of Precinct No. 1, This is to announce that I am a candidate for the office of Commissioner of Precinct No. 1, Medina County, at the November election, and I respectfully solicit your vote and support.

V. P. KING.

I hereby respectfully announce my candidacy for re-election to the office of County Commissioner of Precinct No. 1, of Medina County, Texas, at the coming general election. I also wish to express my sincere thanks to the people of this precinct for the honors heretofore conferred upon me and promise, that if re-elected, I will continue to render efficient impartial and economical service to the very best of my ability.

Yours to serve,  
H. F. BUSS.

TO THE VOTERS OF PRECINCT NO. 2.

This is to announce that I am a Candidate for the office of Commissioner of Precinct No. 2, Medina County, at the November election and I respectfully solicit your vote and support.

Respectfully,  
H. J. BIPPERT.

FOR PUBLIC WEIGHER PRECINCT NO. 1.

I hereby announce myself as a candidate for Public Weigher for Commissioner Precinct No. 1, at the November, 1932, election, and respectfully solicit the vote and support of all voters for the same.

ROBERT J. BRUCKS.

We are authorized to announce EMIL GARTEISER as a candidate for re-election to the office of Public Weigher of Precinct No. 1, at the November election.

Don't borrow your neighbor's paper. If you are sufficiently interested in its contents to want to read it, you owe it both to yourself and to the paper to buy a copy of your own and not impose on the good nature of your neighbor. It costs only \$1.50 a year or less than 3c per week.

Peaches Are Plentiful

"THIS year's peach crop is the largest in the history of the country." This is the good word from the Department of Agriculture—and since peaches are always popular, news that they are plentiful would seem to be an other indication of "better times." Just where the popular peach came from originally, no one seems to know. Peaches have been cultivated in Persia and China from time immemorial. You recall in the Arabian Nights descriptions of priceless treasures, among which peaches are named with rare perfumes, silks and precious jewels.

Colonel Goodbody Speaks

That well-known radio personality, Colonel Goodbody, says in speaking of the mystery of the

peach: "Some experts say it's an off-shoot of the plum family—and you'll have to admit that it is something like a plum. Others agree with old Charles Darwin who said it was an almond that developed a thick juicy flesh—and of course the seed is a good deal like an almond. Others argue that the peach is neither a plum nor an almond, but a separate family that originated in China."

In the Market Basket, a publication issued by the Bureau of Home Economics, U. S. Department of Agriculture, we were recently told "Right now, while the fruit is in surplus, it should be utilized to the fullest extent by homemakers." The shelves of the corner grocery are well stocked with canned peaches, which are still cheap and very delicious.

More than 8,200 carloads of citrus fruits were shipped from the Lower Rio Grande Valley this season and with 1,000,000 trees in full bearing and 7,000,000 more in various stages of growth, the question of finding markets for the tremendous increase in production over the next few years is turning attention toward canning and quick-freezing industries that will help take care of the surplus. The growing of citrus fruit is little more than ten years old in the valley, the first carload shipment having gone out ten years ago, and it seems that the only limit to possible expansion of the industry is the available markets.

Beef calves rose in the estimation of Uvalde county folks somewhat this spring when it was found that 12 4-H club youngsters had made an average profit of \$3.50 per head on 14 calves after charging in all home-grown feed at market prices and allowing for the original cost of the calves.

Future farmers of Texas will hold their statewide convention at the 1932 State Fair of Texas on Saturday and Sunday, Oct. 22 and 23. In addition to the 420 accredited delegates, there will be alternate visitors to the convention which is expected to bring the total attendance up to more than 1500.

**QUIT KICKING AND GO TO WORK**

Under the above heading the Industrial News Review faces the facts today:  
Continual howling about reduced earnings of many corporations is doing much to prolong the depression, intimidate the individual and drive money into hiding.  
Why shouldn't corporation and private earnings fall below the peaks of two or three years ago? We were then living under abnormal conditions.  
When an automobile salesman without any capital could open an expensive show room and sell automobiles as fast as he could get them, we were not living in normal times. When a bond salesman without any practical experience, capital or knowledge of the intrinsic value of the securities he handled, could open an office equipped with expensive furniture and oriental rugs, and sell securities, bonds, stocks, etc., to a clamoring public, and make money faster than he ever dreamed of, ordinary caution should have warned anybody conditions were not normal. When a real estate operator could sell practically worthless land and take at fabulous figures which no normal crop value could justify, it should have been self-evident that there was something wrong. And so on through every line of industrial, agricultural and financial activity.  
During ten years of inflation, countless persons came to think that by their own ability and shrewdness they were creating wealth for themselves by speculation when, as a matter of fact, most of them were creating nothing and saving nothing while they lived in a fool's paradise which they thought would last forever.  
The majority of persons have more today than they had in pre-war times but they complain about having less because they are making comparisons on a false basis.  
This is true of individuals and it is true of companies. Industrial concerns expanded beyond any normal requirements. They have endeavored to maintain operations on an inflated basis which cannot be done because there is no longer any artificial demand to maintain such production.  
All over the nation, one-man industries and one-man farms are starting again on a deflated basis. You can drive through the country and see little "shacks" springing up on cheap land and in the far-away places. The occupants of these little homes are going to produce their living and gradually make a little surplus. The big farmers who bought high-priced land on the strength of high prices, as well as the industries which built and equipped plants at peak prices and built up peak overheads, are all going to have to readjust themselves to the basis of the man who is starting at the bottom today. The laboring man, who enjoyed wartime wages for the past decade, is in the same boat.  
The same inflation that affected industry and the individual also affected government and taxation, and government is among the last to recognize conditions and reduce its mushroom expansion accordingly. The trouble with government is that its managers (our public officials and public servants) will not reduce their own functions voluntarily. The reduction will have to be forced by a tax-paying people, who, after they have adjusted their own personal and business affairs, will turn to their governmental problems which in a large measure they have permitted to expand, by their own indifference, without check during the past decade.  
Emphasizing the term "hard times" has become more or less a racket indulged in by a growing army of theorists who would remedy our ills through schemes, which try to create employment at public expense, thereby further discouraging industry through exorbitant taxation, thus creating more unemployment. Most of our economic doctors are afraid to state in plain English that we are on a false basis, that products of all kinds will be selling at pre-war prices; that a large part of our unemployed are going to have to make employment for themselves at wages more nearly what they received before the war. Many of the jobs they enjoyed will never return because the conditions that produced them are gone forever unless we start another world-wide war, which would be a terrific price to pay to stimulate employment.  
It may be hard medicine to take but it is reality and the sooner we recognize the conditions and adjust ourselves to them, the sooner will we conquer the depression by merely returning to more normal standards of living.  
Two dollars wouldn't buy much of a summer wardrobe for most women but Mrs. Bill Day of the Spade home demonstration club in Lamb county is getting along on that amount this season and her neighbors agree she is well dressed. With \$2 won as a premium on cottage cheese she bought the materials for three dresses and two suits of underwear. She is a wardrobe demonstrator.

The Beekeeper's Item had mailed out a questionnaire to beekeepers, asking them to state how much honey, per person, beekeepers' families consume throughout a year. Eighty replies were sent in, showing an average consumption of 55 pounds per person, per year. Now say if the 120 million people of the United States would eat only 10 pounds of honey per year, it would mean 1200 million pounds of honey per year, and where on earth could we get that much honey, 12,000 cars of honey each weighing 100,000 pounds?

South Louisiana Bee Association has undertaken to supply baby homes with honey free of charge. It is said that the babies did very well with milk containing diluted honey, and eventually out of a public ward, a future very valuable honey consumer is made, while the make-up of the future citizen is healthy and robust.

Mr. J. F. Diemer, Liberty, Mo., says he tried goat milk instead of the so-called royal jelly while grafting queen cells. To his surprise every cell was accepted, and finished into queen cells by the bees, but Mr. Diemer now wonders if the resulting queens will go to butting and will grow horns. To the unexperienced I must say that the queen jelly looks much like thick milk, but I do not dispute or approve the above story.

On June the 25th I was told that in some localities the Mesquite tree is now yielding heavily. Some report as much as a full super of honey on each hive as an average already sealed. Here we have but the barren desert heat without a sign of any bloom.

The way the bee-disease question is written about, it appears that bee-men would have a grand old bonanza if it were not for the prevalence of this one drawback. The fact is that in all my apiaries, and those I have seen owned by others in this Southwest country, it was impossible for me to discover a single case of American Foulbrood of the honey bees, during the past 20 years. But, oh my! The crop failures on account of droughts and the ravages of insects, bugs and aphids.

Why is the busy little bee, Like the 'bark and bite'? She gathers honey all the day And eats it up at night. Wonderful news, but almost to the point this year. The bees are working but the stored honey is slow of accumulating.

LOUIS BIEDIGER, LaCoste, Texas.

The Borden Co. at Waco paid out to farmers of McLennan and adjoining counties last year more than a half million dollars. The East Texas Chamber of Commerce estimates that six milk plants in that part of the State put more than \$3,000,000 into circulation among milk producers in 1931.

Debit and credit slips for sale at the Anvil Herald office.

**REGISTER OF PECAN WORKERS TO PROTECT PUBLIC IS PLANNED.**

Voluntary register of qualified pecan propagators will be instituted by the pecan division of the Department of Agriculture, J. H. Burkett, chief of the division, has announced. The register of properly qualified and reliable pecan workers is designed to give protection to both orchard owners and workers from fakers now prevalent.

No official sanction can be given to the program and the action will be similar to that of a clearing house of information as to reliable pecan propagators, Burkett said.

"The Department is anxious to render service to both commercial propagators and pecan grove owners," Burkett said in explaining the plan. "It would be a pleasure to bring together those qualified by experience and possessed with moral uprightness and dependable character who want to do the work and those owning the property that they desire improved. Propagators desiring to do commercial custom propagation may file with this division their name, qualifications, experience and approved references from parties for whom they have worked and from reliable business men or institutions as to

**For Summer Feasts**

**EAT** is hard to digest in summer, but lots of people like to eat it, nevertheless. So dietitians have been casting around for ways in which to make meat more easily digestible by combining it with other foods. Meat combines well in taste with many foods, but very few of them help very much in the digestion of it.  
There is one food, however, which helps people to digest heavy proteins wherever they appear. That is pineapple. It was almost accidental—just because everyone knows that it is good for one to eat a lot of fruit in summer—that this delicious combination of pineapple with meats was discovered.  
Now scientists have gone further and not only confirmed the deliciousness of the combination but given it the credit of being dietetically correct. Pineapple, they say, contains an enzyme called bromelain which acts powerfully on proteins and helps people to take care of heavy protein foods.  
If you like meat you will be interested in the following recipes which tell how to combine this trop-

ical fruit with it in the very best ways.  
**Luscious Lamb**  
*Roast Lamb with Pineapple Bread Sauce:* Dust a leg of lamb with salt, pepper and flour, place in roasting pan, slice a small clove of garlic over it, and roast as usual, basting occasionally. About fifteen minutes before done, lay the slices from a No. 2 1/2 can of Hawaiian pineapple around the meat and let brown. Meanwhile, make a sauce by melting one tablespoon butter, adding one tablespoon flour, and then slowly adding the pineapple syrup from the can (about one cup). Add a few grains of salt, two teaspoons horseradish and two tablespoons fine sifted dry crumbs, heat and serve with the roast which is served with a ring of the pineapple slices around it. If desired, a big, puffy, hot stewed prune may be placed in each pineapple hole.  
*Armenian Lamb Shortcake:* Slice four slices (half of a No. 2 1/2 can) of Hawaiian pineapple into thin pieces, and add with one tablespoon chutney, or other chopped sweet pickle, two cups diced cooked lamb and one-half cup whole ripe olives to three cups rich white sauce.

their qualifications and responsibility of contract.  
"All parties interested in having top-working done and having had unsatisfactory dealings with propagators are requested to file their complaint with this division in order that a close check may be kept on all those applying to serve the public."

For Rent—6-room cottage with hall and bath; East exposure; electric lights and gas. Apply at this office or phone 127 three rings. tf.

**IF**

A word that all too often expresses regret for things we have done in the past. Particularly, in financial matters. If I had only used better judgment—"IF I had only saved"—IF—IF—IF.  
But groans won't help matters any. The past is past. Forget it. Look ahead with a smile and when you again have money to spare, seek the counsel of those who are experienced and reliable.

## BAPTIST NEWS NOTES.

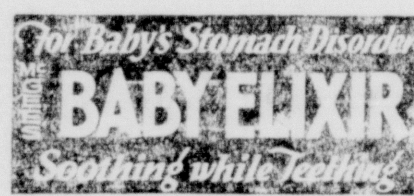

Worship at the Baptist church on next Sunday at the usual hours. The Bible School begins at 10:00. The subject for study is "The Giving of Manna". The lesson text is found in Exodus 16: 1-15. The history of God's dealings with ancient Israel is exceedingly instructive and filled with valuable lessons for us today. Wise people will make use of the opportunities afforded to acquaint themselves with our Father's will. You are invited to join with us in this study. Every idle man is urged to be with us. At the 11 o'clock hour, will speak on "The Divine Regulations of the Christian Life." This will be full of valuable teachings applicable to our every day living. Come; let us exalt His Name together. We will have special music. Our pianist, Mrs. George Windrow, is giving her time and talent so that our music shall be highly inspiring. We wish all who love music to give us their presence and assistance. At night God's Program for Mankind. This discussion will be for you. It will be vital and inspiring. All who worship with us will meet a cordial welcome. Come unto me; all ye that labor and are heavy laden, and I will give you rest; Take my yoke upon you and learn of me, for I am meek and lowly of heart and ye shall find rest to your souls." Matt. 11: 28.

Miss Carrie Mae Vogt, Mrs. Metta Harms and Mrs. E. Williams and children came in Wednesday afternoon from Alpine and are the guests of Mr. and Mrs. L. Boehle in Quibi. They also visited in Hondo with Mr. and Mrs. Otto Grell and family.

Friends here have received cards from Mr. and Mrs. J. E. Murphy and Miss Annie Lee Webb, who are spending a month in Los Angeles, California. They report enjoyable side trips to Catalina Island and to Hollywood.

Mr. Henry Nietenhoefer was a business visitor here Tuesday. Mr. Nietenhoefer said a rain fell a Quibi last week but missed his place which is greatly in need of a good rain.

## ST. PAUL'S LUTHERAN CHURCH.

"He that dwelleth in the secret place of the Most High shall abide under the shadow of the Almighty. . . will say of the Lord, He is my refuge and my fortress; my God; in Him will I trust." Psalm 91, 1-2.

We invite you to attend the services of worship in our church. Here you will find what you can never find by staying away from church. Just one of the things a Christian believes in is the Communion of Saints. In a Christian Congregation is the place to satisfy that longing for fellowship that even the soul needs in this world. You can fight the battles of life much more easily in company than alone. With your fellowmen and they with Christ and Christ with them what greater assurance for safety and spiritual care can you get? Come and dwell in the secret place of the Most High God. You need it.

Our services next Sunday will be held in the morning in the German language beginning at 10:30. The Sunday school and Bible Classes will meet at 9:15.

The largest attendance ever enjoyed was reported at the Chautauqua held at Seguin July 20-24. An interesting program kept everyone occupied. Study in the Bible, essays, lectures and discussions were enjoyed by youth and adults. Special visitors were Rev. Taubert of Minneapolis, executive secretary of Foreign Missions in New Guinea, who showed moving pictures of life on that island and lectured on the same. Miss Katharine Lehmann, chairman of the Women's Mission Auxiliary, ably presented the fine work done by this organization. Enthusiastic leaders are planning for an even more successful chautauqua for 1935.

Managing Editor Fletcher Davis is attending the Agricultural Writer's Conference at A. & M. College this week and, at the same time, getting a much needed vacation. He was accompanied as far as San Antonio Monday by Mrs. Davis and Mrs. H. E. Haass, who spent the day with Mrs. Louis Scherrer.

Don't risk your hair and skin to experiment with petty supplies. It pays to pay a fair price for NESTLE permanents, color-rinse, hair-dye, and MARINELLO face powder, creams, and lotions for home use. Both are nationally advertised and the best on the market. LADIES' BEAUTY SHOPPE.

Mrs. Harry Crouch left one day last week on an extended visit with relatives at Lake Charles, Louisiana. Before returning home she will visit in Shelbyville, Illinois. Her daughter, Mrs. Otto Scherrer, of Corpus Christi is here with her father during Mrs. Crouch's absence.

The Annual Celebration at D'Hanis will take place on Sunday, August 7th. Barbecued meats, salads, pies and cakes will be served at 25 cents per meal. Everybody is cordially invited to spend a pleasant day and aid a worthy cause. 2t.

Elsewhere in this issue is the announcement of A. W. Hornung for Justice of the Peace of Precinct No. 1, Hondo. Mr. Hornung is an ex-service man being one of the first to enlist from Hondo. This is his first entry into politics.

Mrs. John Rosenow and sons, Hilmer and Elmer Martin, and Miss Willie Wright of Carta Valley came in Monday for a short visit with relatives. They were accompanied home by Miss Lorine Martin, who has been visiting relatives here for the past two months.

Elsewhere will be found the announcement of H. V. Haass Sr. for election to the office of Justice of the Peace of Precinct No. 1 of Medina County. Mr. Haass is a man of many years experience as Justice of the Peace, having served his people in this capacity elsewhere before coming to Hondo. He has filled this position locally since the retirement of Judge A. M. Lamm several years ago, and asks for re-election another term at the hands of the voters.

Renewed and new subscribers to this paper since our last report are as follows: J. M. Saathoff, Hondo; Jacob Koch, Sr., San Antonio; Fritz Borchers, Dunlay; Mrs. Mary M. Zinsmeyer, LaCoste; George Echtle, LaCoste; James E. Greenlee, Ft. Worth; Aug. H. Brucks, Dunlay; Mrs. Herbert Smith, Needles, Calif.; Jacob Breiter, Dunlay; F. A. Martin, Hondo; Louis Britsch, Hondo; Emil Garteiser, Hondo; Ed. Hutzler, Dunlay; A. F. Rihn, Rionedina; Henry Nietenhoefer, Hondo; Fred H. Ross Tarpley.

The carload of flour assigned the local Red Cross for distribution among the needy arrived Monday and was unloaded Tuesday of this week. County Chairman W. N. Saathoff, County Health Officer Dr. W. H. Smith and R. J. Reilly have been supervising the unloading and affirming the applications for flour. The local merchants are handling the distribution of the flour for the Red Cross. Mr. Saathoff reports quite a number of applications being filled, but announces that there still remains some flour for distribution.

Funeral services were held at Cuero Thursday morning for Rev. Francis Pallanche, pastor of St. Michael's Church of Cuero. Among the many out of town friends of Father Pallanche to attend were Mr. and Mrs. Robert Decker and daughter, Miss Adele, Mr. and Mrs. J. M. Finger and son John, Jr. Misses Louisa and Lena Decker, Misses Lilhan and Josephine Brucks and Mr. Lawrence Brucks, Mr. Ed. Ney and son, Edmund, Mr. Will Ney and Mr. and Mrs. Charles Filleman of Hondo.

## QUIHI NOTES.

Sunday morning at 9:30 o'clock Sunday school and Bible class begin in Bethlehem Lutheran church. A cordial invitation to come and take part in this service is extended to old and young.

Divine service and the celebration of the Holy Communion will be had in Bethlehem Lutheran church at Quibi Sunday at 10 o'clock A. M. The class of catechumens confirmed last Sunday will receive their first communion on the occasion. All are cordially invited to this service.

Sunday night at 8 o'clock Rev. Hasskari will deliver his farewell sermon to the Quibi-New Fountain parish, and thus close his pastoral nine years in this community. This service will be in the German language. All members of the parish and their friends and neighbors are cordially invited to come and share in this service.

It is expected that the new pastor of the Quibi-New Fountain parish, Rev. C. Weber, will be here and be installed in the morning service at Quibi August 14th. Rev. G. Langner of Knippa has been appointed to conduct this service which will be very interesting.

Last Friday night the Quibi-New Fountain parish gave Rev. and Mrs. Hasskari a genuine surprise and farewell party. A fine impromptu musical-literary program was rendered under the chairmanship of Mr. Otto Lindeburg, by the church choir, members of the Luther League, while Prof. W. N. Saathoff delivered a very touching and appropriate address to Rev. and Mrs. Hasskari in particular and the large audience present in general. A purse, a Forget-me-not, and a number of other valuable and appreciated presents were given Rev. and Mrs. Hasskari, after which a fine coffee and cake luncheon was served by the ladies and a season of sociability indulged in by all present. Rev. and Mrs. Hasskari wish to thank all most heartily who were present or in one manner or other contributed to make this party a success.

Last Sunday night a class of six boys and five girls were confirmed in Bethlehem Lutheran church. The church was most beautifully decorated for the occasion. The beautiful and solemn rite was performed by Rev. C. P. Hasskari, the pastor, and was witnessed by an overflowing and appreciative audience. The prayers and the blessings of the church go with these young Christians as they forward to take their place in the great school and workshop of life.

## BANCROFT GOES ADVENTURING

A gusty adventure-story of the hectic days during the Russian revolution is the vehicle for George Bancroft at the Colonial Theatre this week. Bristling with tense drama thrills, "The World and the Flesh" provides the excellent Bancroft with his most sensational characterization since "The Mighty," according to preview critics.

Paramount has gone to great pains in providing an abundance of authentic atmosphere for its burly star in this film production. Scores of scenes in scores of indoor and outdoor locales heighten the realism of the story which moves rapidly from one thrilling episode to the next.

Miriam Hopkins, blonde favorite of "Dr. Jekyll and Mr. Hyde," "The Smiling Lieutenant" and "Dancers in the Dark," heads the supporting cast, which includes Alan Mowbray, George E. Stone, Mitchell Lewis, Oscar Apfel and Reginald Barlow.

Bancroft is seen as the dominating sea captain, whose rough-and-ready sailor crew worship him. At the outbreak of the revolution they take an active part in the onslaught upon the aristocrats.

Over five hundred Russian extras were used in the big atmosphere scenes of the production.

## DEVINE BOY DROWNED.

Julian, 5 year old son of Mr. and Mrs. Howard Mangold, of near Devine, was drowned early Sunday in the Medina River. He, with his family and a large group of relatives, was enjoying a family reunion in Echtle's Grove near LaCoste when the tragedy occurred. The little boy with a group of children was playing about the water when he fell into deep water and was drowned. The alarm was given the older people, the body was recovered but efforts at resuscitation were unsuccessful. Funeral services were held Monday morning at St. Mary's Catholic Church at LaCoste. Rev. Leo Goertz of Devine officiating.

For Sale—an extra lot of young Angora bunnies. All registered. At depression prices. C. W. Gilliam, Hondo, Texas.

## DEVINE NEWSLETS

From The Devine News.

### PROPOSED CROSS COUNTRY HIGHWAY GAINS IMPETUS.

A committee of Devine and Medina County citizens, including County Judge R. J. Noonan, Commissioners Roberson, Buss, et al, of the court, had a date with the Highway Commission, Friday, in Austin, and received all the courtesies and promises they could have expected, in regard to a proposed Cross Country highway. They found that the Commission had already been working on a stretch from Kerrville to Bandera, expected to come to Hondo; and one from Jourdan to Floresville and has a road around 300 miles long, designated as a state highway, may be the result. The Commission agreed to send a surveying crew down within thirty days to make a tentative survey and estimate of the route. Judge Scott, of Jourdan, is said to favor the plan and said they would secure the needed right-of-way through Atascosa County. It is estimated that it will take \$12,000, or more per mile, to bring the highway up to gravel, ready for topping later; and that it will mean \$250,000 to \$300,000 each for the counties traversed; but will connect travel to the west from Kerrville, Fredericksburg, Bandera with the highway out of Hondo, going west; and with Devine Jourdan, Floresville and the highways to Laredo and to Corpus Christi. The more one thinks of this, the more the highway seems a necessity; and the more feasible the proposition. Messrs. Roberson, Eschenberg, DuBose, (M. E.), Lilly (J. T.), and Sorrell were the committee from Devine, going in DuBose's car.

It should be said to the credit of Mr. A. P. Johnson that he went to Austin, ahead of the committee and had arranged for the meeting with

members of the commission; and according to the committee rendered valuable assistance.

### NEGRO UNDER DEATH SENTENCE REPRIEVED.

Austin, Texas, July 14.—Gov. R. S. Sterling today issued a reprieve until Aug. 5, for Ernest Johnson, negro under death sentence for the murder of Frank Kempf, Devine dairyman. Johnson's execution had been set for tomorrow in Huntsville state penitentiary.

John L. Green, negro, also was given death for his alleged part in the slaying. Green's execution date had been set for Aug. 5, and Gov. Sterling decided to stay Johnson's electrocution until disposition had been made of an application now pending for commutation of the Green sentence. In event the commutation is denied the two negroes will be put to death on the same day.

### FROM BIRY.

(Late last week)

Mrs. Louis Rihn and son, Wesley, spent Thursday in Moore.

Mr. and Mrs. Ed. Bader and daughter spent Sunday in Castroville.

Mr. Chas. Owen is spending a few days in San Antonio.

Mr. and Mrs. Albert Kellar and daughter and son spent Saturday at D'Hanis with their uncle Mr. Louis Kellar and wife.

Raymond Blackburn and Chas. Williams and Jesse Owen spent Saturday in Devine.

Mr. A. P. Johnson of Carrizo Springs and Mr. Ralph Noonan from Hondo spent a few minutes here Monday.

### FROM YANCEY.

This is seeming to be a heat record breaking summer. With all the rains we've had during the early part of the month, it is beginning to get very dry and a good rain would be appreciated.

Rev. Nelson and family were at Black Creek Sunday to fill a regular preaching appointment there.

Mr. Leo Pettus spent several days at Zigzag last week visiting relatives.

Mr. H. G. Wilson and all of his family spent a pleasant day at Castroville one day last week—picnicking and swimming.

Mrs. J. H. Burgin and son, Claude, and little daughter, Helen, were weekend visitors at Uvalde with home-folks.

Miss Dorothy Burgin, who attended summer institute at Alpine, returned Sunday and will leave for San Marcos where she will be at school for the rest of the summer.

Mr. Tom Duncan and family and Mr. and Mrs. Gilson were in San Antonio on business on Saturday.

Miss Martha Berry of San Antonio arrived Saturday for a few days visit with home-folks.

A new baby girl arrived at the home of Mr. and Mrs. Ed. Faseler last Monday, July 11th.

Mr. L. W. McCrea, who has been visiting his son, Mr. Daniel McCrea, here for several months, left for his home at Lampasas Sunday.

Mr. Null and family and Mr. Phil Nixon and family motored to ConCan Sunday to enjoy the hill scenery.

*Penetrates! Soothes!*

SOLD BY W. H. WINDROW

Messrs. Ed. and Leslie Saathoff have nearly completed their garage building at the corner several hundred yards south of George's country store.

Sunday we visited Lloyd and Helen Bohmfalk in Hondo, and Lloyd is able to be up and walking around most of the time, but Helen continues to be very weak and will probably be several weeks before she will be able to be up. We are glad both are doing well after the terrible seige of pneumonia.

Mr. H. G. Wilson was in Moore on business Monday.

You can save money on your newspaper and magazine subscriptions by letting us handle it for you.

### SHE REDUCED 38 POUNDS THE SAFE WAY

"I have been taking Kruschen Salts for 4 months and I think they are wonderful. I am 32 years old and 5 ft. 2 in. tall. I was very fat. I weighed 165 lbs. and now I weigh 127 lbs. and feel fine. If I let up taking the Salts one morning I feel lazy and heavy", Mrs. Florence Loftus, Boston.

This is just one of hundreds of letters we get every month—Kruschen not only causes you to lose fat but while you are losing it you gain in health—in vivaciousness—you lose fat where fat is most prominent and at the same time keep stomach, liver, kidneys and bowels functioning naturally.

Any drugstore in the world will sell you a jar of Kruschen for a trifling sum—take one-half teaspoonful in a glass of hot water every morning—go light on fatty meats, potatoes and sweets. But for your health's sake demand and get Kruschen Salts—imitations are numerous. It's the little daily dose that does it.

It pays to keep your eyes on The Anvil Herald's advertisements; they offer you money-saving opportunities.

## Relax Tense "NERVES"

Loss of Sleep, Crankiness, Headache, Neuralgia, Indigestion and Fatigue are common results of over-work and nerve strain.

Miss Ruth Sheets, a charming Michigan school teacher says:

"I have taken your Nervine during my college work and when I get those nervous spells after a hard day's teaching. I am sending my mother's name to you. Will you please send her a trial package?"

Relax your tense nerves with the same reliable medicine Miss Sheets found so effective.

Get it at your drug store. Large bottle \$1.00 Small 25c. Money back if you are not satisfied.

## CASTROVILLE CULLINGS.

Castroville, July 27, 1932.

Mr. and Mrs. B. FitzSimon and children attended the Bohl-Schmidt wedding in Devine Wednesday.

Mr. and Mrs. Richard Ahr and family are here from New Braunfels visiting homefolks.

Mr. and Mrs. Oscar de Montel left for Houston, Wednesday morning, where they will visit with Mrs. de Montel's parents.

Mr. and Mrs. Robert de Montel and family had as their guests Sunday afternoon Mr. and Mrs. George Hodge of San Antonio, Judge and Mrs. H. E. Haass and Misses Irene Haass and Anne Davis of Hondo.

Mrs. Fletcher Davis, Mrs. H. E. Haass and Miss Irene Haass of Hondo spent Tuesday with Mr. and Mrs. Robert de Montel and family.

## MISCELLANEOUS SHOWER.

A miscellaneous shower honoring Miss Zedell Bendele was given by a group of relatives on Thursday afternoon at 2:30, at the home of Mrs. Otto Bendele. The room was beautifully decorated for the occasion with a color scheme of pink and white. The bride-to-be was escorted to her place by Misses Lillian Haass and Ruby Bendele.

After the shower of gifts took place and everyone had admired their homemade sausage, potato salad, pickles, cake and iced tea were served to about 75 guests.

## HAASS-BENDELE.

Mr. Monroe Haass and Miss Zedell Bendele were happily united in marriage at 9 o'clock Tuesday morning, July 26, 1932, in Zion's Lutheran church at Castroville, with Rev. K. Konzack performing the impressive ceremony. Miss Ruby Bendele and Mr. Elmo Bendele were attendants. The bridal party entered the beautifully decorated church to the strains of a wedding march.

Immediately after the ceremony and amid the congratulations and best wishes of friends and relatives left for a brief honeymoon to interesting points East.

The groom is the third son of Mr. and Mrs. Phil E. Haass, while the bride is the oldest daughter of Mr. and Mrs. W. J. Bendele.

This paper joins the many friends of the nappy couple in extending best wishes for a happy and prosperous married life.

## TO THE VOTERS OF PRECINCT NO. 2, MEDINA COUNTY

In announcing my candidacy for the office of Commissioner of Precinct No. 2 of Medina County for another elective term to the voters of the said Precinct at the November 1932 election, it is my purpose to stand on my record since coming into that office. If therefore you believe that I fully measured up to the confidence reposed in me as Commissioner, and that I have fully discharged the duties of the office, I shall solicit your support for my reelection to said office. And if elected, I shall continue to discharge the duties of the office as promptly, fairly and impartially to everyone as my knowledge of the situation will permit.

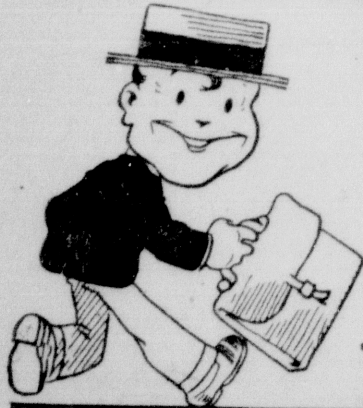

Respectfully yours,  
ROBERT RIHN.

## RABBIT RAISERS WARNED AGAINST BIG-PROFIT LURES.

Easy money and lots of it from the rabbit business, held out as a sure return by promoters who seek to sell breeding stock, can not be realized in most instances, says the Bureau of Biological Survey of the United States Department of Agriculture. The bureau advises people intending to start rabbit raising to investigate thoroughly the local possibilities of a market and the risks of the business before going into it.

The unemployment situation has led some unscrupulous promoters to take advantage of conditions and to sell rabbits to people who are entirely unfamiliar with the field. They predict big returns. Many of the concerns that promise to buy back the meat or fur, or both, are interested primarily in selling breeding stock at very high prices.

## Smilin' Charlie Says-

"Yes, we could wait till tomorrow if we hadn't left yesterday's to do today!"

## TAKING THE GUESS OUT OF BUSINESS

By JOHN G. LONSDALE  
President American Bankers Association

BANKERS and business men err in not adopting more universally the tactics of the scientist. When the

John G. Lonsdale

scientist wishes to fathom the mysteries of the universe or resolve things into their component parts he calls to his assistance the magnifying power of the microscope. There before him, like an open book, lie the secrets of nature which unaided eyes cannot observe.

The uncanny power of the microscope's all-seeing eye has revealed countless secrets for the material and intellectual progress of humanity. It has enabled us to study the processes of growing cells in plant and animal life, trace the causes of disease and successfully combat the ills of mankind; it has aided the engineer in his search for stronger and more serviceable materials, giving us taller, lighter and more sanitary structures, and better highways; it has disclosed the defects in steel rails and brought us an era of safer railway travel; it has added to the food supply of the nation; in fact, it has affected favorably nearly every activity of the human race, whether it apply to production, distribution or consumption, in time of peace or in time of war.

## Banking Conducting Continual Research

The American Bankers Association is daily submitting every phase and every department of banking to searching scrutiny and study, says John G. Lonsdale, president of this the world's greatest financial association. The findings of these investigations are made available to the 20,000 members of the organization for their guidance.

"It is a fine tribute to the spirit of cooperation among bankers that it is able to carry on this work," he says. "Bankers from one end of the country to the other are constantly giving freely and unselfishly of their skill and experience so that the association may produce the truly great results that are being accomplished."

Statistical information on national and state banks, savings institutions, trust companies and trust departments, clearing house groups and general banking is prepared after exhaustive inquiry and distributed for the use of all bankers. The organization's investigations have resulted in the passage of beneficial legislation, revision of banking practices and innumerable changes for a stronger and more efficient banking structure. It has set up an educational system through its affiliated American Institute of Banking, where 45,000 ambitious young bank men and women are now availing themselves of the opportunity to advance in the banking field.

"It has been well said that the American Bankers Association, exclusive of the Federal Reserve System, has been the greatest single nationwide source of stability and improved conditions for banking in the United States," Mr. Lonsdale says.

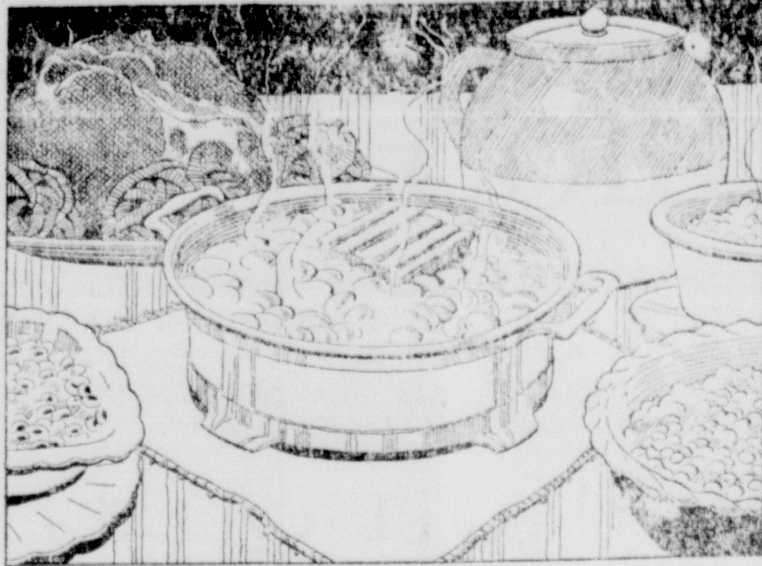

## Banking Grows More Complicated

DENVER, Colo.—The increase in the technicalities of the banking business in the past dozen years was shown by a speaker before the American Institute of Banking which held its annual convention here recently when he pointed out that in 1918, when the institute last met in this city, it gave only three courses, while today it gives 10, with more subjects in preparation. At the earlier date, he said, the curriculum of the institute consisted of elementary banking, commercial and banking law, and money and banking, whereas today it consists of banking fundamentals, commercial law, negotiable instruments, standard economics, standard banking, credits, investments, trust functions, analyzing financial statements, and public speaking, while the two new subjects of bank operation and organization, and bank management are to be added.

## The New Pace of Business Change

Business evolution used to move slowly—it measured off its gradual changes almost invisibly, like the hour hand on the clock. But today its tempo is that of the second hand. The movement of evolution that is quickening business with rapid changes is alarmingly visible and makes it difficult to keep up with them.—R. S. Hecht.

## Many Kinds of Beans

If you lived in New England, not so long ago, your family wasn't considered quite respectable unless every Saturday night baked beans and brown bread appeared on the table. Whether you added molasses to your baked beans or whether you didn't depend on whether you belong to this clan or to that clan. But, anyway, your beans were baked to four times their original size and served with squares of properly scored pork, crisp without and pinkly tender within.

## A Big Bean Family

The Frenchman takes his haricots almost as seriously, and the Spaniard has even been known to become poetic about his pintos and frijoles. Strange names they are to us, who are familiar with navy beans, pea beans, green beans, wax beans, limas and lentils—but they are all in the good old bean family.

"The Economical Bean" is the title of a Market Basket bulletin,

recently issued by the Bureau of Home Economics of the U. S. Department of Agriculture, emphasizing the fact that beans are a concentrated food. It states:

"Beans are plentiful even in years of drought, easy to preserve, easy to ship, easy to store; and when cooked they swell to a quantity two or three times their bulk. To use beans economically, the housewife must keep in mind two things. Beans require a long time to cook, and after cooking they will spoil unless kept cool and used fairly soon. With careful treatment, however, she can cook enough beans for three meals at one time and serve them in different ways."

The "three for a quarter" sales of canned beans which are being featured in many stores now, make them also economical, especially so when one stops to consider the cost of fuel in the long process of cooking dried beans, and the fact that there is no spoilage risk in canned beans."

## A New Breakfast Drink

MAN who stopped drinking coffee and tea some time ago found that he missed very much his hot breakfast drink. Then an idea occurred to him. Now, every morning he drinks a teapot full of hot unsweetened Hawaiian pineapple juice—not the syrup from canned pineapple but the canned juice—and he usually puts a small slice of lemon in the teacup.

"As far as I am concerned," he wrote, "I have made a wonderful discovery and enjoy this delicious and invigorating drink."

Pineapple juice has always been popular with the public in iced drinks, but this idea of hot pineapple juice for breakfast is a new one, and medical opinion endorses it.

## What a Doctor Says

As long ago as December 8, 1925, James M. Ward, M.D., F.A.C.S., wrote:

"I am now writing my conclusions relative to the value of the unsweetened Hawaiian pineapple juice placed through me at the Hahnemann Hospital in San Francisco.

"Ninety percent of the patients in general find it very palatable and prefer it to all other fruit juices. It is well borne in cases of chronic gastric catarrh and torpidity of the liver. It is especially indicated in a patient having heavily coated tongue. It seems to digest the coating and increases the appetite as well as the power of digestion."

"In post-operative work, especially of the tonsils and abdominal surgery it has been found refreshing and large quantities can be taken without ill effects which usually follow the use of other fluids. In cases of pyorrhea of the mouth following teeth extraction it is refreshing and cleansing."

## A Squirrel Story

THE squirrel has acquired a reputation for hoarding—which might tend to make him a very unpopular creature, just now. But actually, the squirrel doesn't hoard. He stores away just sufficient food for his family needs. He discovered the law of supply and demand long before did learned economists.

## Buy Now

Housewives who heed this law of supply and demand, are right now buying canned foods—not to hoard them but to have sufficient for their family needs during the days when prices cannot possibly continue as low as they are right now. And, incidentally, they are helping the economic situation by buying to create better business.

Get into your car and drive around to find the best buys. You'll find large size cans of delicious fruits selling for less, in some cases, than you formerly paid for smaller size cans. Delicious berries, such as loganberries, raspberries, and strawberries will be doubly welcome next winter for shortcakes and other desserts. Now and then beans are offered for five cents a can, and these are an excellent and sustaining dish, which everyone in the family enjoys.

If you entertain, you will find that many of the luxuries are down in the staple class, as far as price is concerned. Now is the time to buy a quantity of canned cheese, pimiento, mushrooms, delicious jellies and jams, and such ready-to-serve delicacies as chicken à la king and lobster newburg, chop suey, chicken curry, beef à la mode and Hungarian goulash."

## TEXAS DEPARTMENT OF AGRICULTURE.

Its Establishment, Purpose, and Functions.

The Texas Legislature during its Regular Session of the 36th Legislature in 1907 by statute created the Department of Agriculture for the purpose of aiding and protecting agriculture in the production, preparation, and marketing of agricultural crops. Since the period, following sessions of the Legislature have placed numerous other duties with this Department.

At present for the more efficient administration of its duties the Department of Agriculture is divided into nine divisions. At the head of each division is placed a chief, who is given a sufficient number of specially trained men to carry out the work of his division financed by the funds appropriated and by fees collected as provided by the statutes.

## Division Of Entomology And Plant Quarantines:

We seldom realize just what is essential to keep the channels of trade open for the tremendous production of Texas agriculture. Our entire cotton production finds access to interstate business only as the result of effective regulation of the pink bollworm infested area of the state. The Federal Government regulates interstate commerce, and the movement of our cotton, citrus fruit, nursery stock, and other commodities in entering the channels of trade is contingent upon the state's ability to control certain insects and diseases prevalent within the state in order to prevent their spread to other unfested areas. The pink bollworm and the Mexican fruit fly must be controlled by state authority or our cotton and fruit cannot go out of the state.

With the many Federal quarantines against Mexico prohibiting practically all agricultural commodities from that country from entering the United States, Texas—a frontier state—is in an unusual and peculiar situation in this connection. One of the principal duties of the Department of Agriculture, therefore, is to do those things necessary to keep the channels of trade open for our production and to prevent the spread of these immigrant pests which are constantly threatening our border.

Another important duty of the Department of Agriculture with reference to pest control, is the enforcement of various quarantines intended to prevent the introduction of serious pests that are now in existence in other states, but have not as yet become established in Texas. There are hundreds of pests introduced into the eastern and western states from Europe, Asia, and the tropics that have been kept out of Texas by plant inspection and horticultural traffic regulation. The rapidly developing citrus industry of Texas is a striking example of one of our agricultural projects that is in dire need of such protection.

The basic pest control laws of this Department also make possible community pest eradication projects that not only keep trade territory open to such areas, but by direct pest control reduce the cost of production. The work of this division is of a police nature and embraces the enforcement of the nursery inspection law, Mexican fruit fly eradication program, pink bollworm eradication project, phony peach and citrus canker eradication program work, and various other projects, including sweet potato weevil eradication, enforcement of protective zones for clean territory and other projects of a local option nature.

There are many farmers in Texas who never come in direct contact with these activities of the Department of Agriculture. Production throughout the state, however, whether it be in an infested district or a protected pest free zone, is vitally connected with such projects both by reason of an extended trade territory and protection from pest invasion.

## Field Seed Division:

The law requires all field seed offered or exposed for sale, when in packages of ten pounds or more, to be labeled either as "Tested" or "Not Tested" seed. Tested seed must bear a label giving the germination, mechanical purity, inert matter, weed seed and noxious weed seed, if any, so that the purchaser may have knowledge of the quality of the seed offered for sale. Not tested seed must bear a label with the words "Not Tested" plainly written or printed upon it. The "Tested" label can be procured only from the Department of Agriculture.

A seed laboratory under the supervision of an expert seed analyst is maintained in connection with the Field Seed Division. All citizens of the State of Texas may send their seed to this laboratory for analysis, and the service is free. Farmers and seedmen of Texas recognize the value of this service, as is evidenced by the rapid increase each year in the number of samples submitted.

**Certified Seed Division:** Under the certified seed law, applications must be made to the State Department of Agriculture for license as registered plant breeder or certified seed grower. Land upon which registered or certified seed are to be grown must be submitted for approval for the growing of registered or certified seed. Crops growing on approved land must be constantly inspected by experts who also supervise the harvesting, ginning, threshing, storing, and distribution of registered or certified seed so that the purchaser may be assured as to the varietal purity of the seed purchased from certified seed growers or registered plant breeders.

## Pecan Division:

The Pecan Division employs expert pecan men whose duty it is to assist in developing and protecting the pecan industry of the State of Texas. Soil conditions are studied. Educa-

## ANNOUNCEMENTS Political Advertising

Announcement rates:  
Precinct office ..... \$5.00  
County office ..... \$7.50  
All others ..... \$10.00

## FOR JUSTICE OF THE PEACE PRECINCT NO. 1.

We are authorized to announce A. W. HORNUNG as a candidate for Justice of the Peace of Precinct No. 1 of Medina County, at the November election.

We are authorized to announce H. V. HAASS, SR., as a candidate for re-election as Justice of the Peace of Precinct No. 1 of Medina County at the November election.

tional work and demonstrations are given as to budding and grafting commercial pecans on to the native trees; study and information is given regarding the adaptability of different varieties to the various soil and climate conditions of the State. Texas leads all states in the production of pecans, and the possibilities of the pecan industry in Texas are practically unlimited. The service of the Pecan Division is free to the citizens of this State and has been utilized very profitably to the pecan industry of Texas.

## Gin Division:

The Texas Law requires that all ginner be licensed and execute bonds, and that all gins be inspected to determine the efficiency of operation.

## Warehouse Division:

The law requires that all warehouses in Texas doing a public warehouse business, where charges are made and negotiable receipts issued for goods stored, be inspected to determine if commodities or articles represented by outstanding negotiable receipts are actually in storage and adequately protected. This service makes negotiable receipts more readily accepted as collateral for loans, and in some instances enable owners and patrons to obtain a discount in fire insurance rates.

**Weights And Measures Division:** The Texas Statutes provide that all weighing and measuring devices be inspected as to their accuracy and that all commodities put up in package or parcel form contain the weight indicated on the package, and as is required by the laws of Texas, and that all liquid measuring devices have the proper cubic inch capacity.

This division also has the administration of the cream-butterfat testing law, passed by the 42nd Legislature, which law provides that all purchasers of milk, cream, and butterfat in Texas be licensed. This Division maintains a number of experienced employees who are capable of determining the accuracy of weighing and measuring devices and capable of making minor adjustments, which service is of material benefit to those conducting a buying and selling service.

## Market Division:

The Market Division has supervision of the inspection of fruits and vegetables, according to the United States Bureau of Standards, and working in cooperation with the Federal Inspection Service, issues certificates of grade and pack, which certificates under the Congressional Statute, known as the Borah Bill, become a part of the Federal contract between the buyer and seller. These certificates are admitted in court as prima facie evidence of grade and make it incumbent upon the buyer, either domestic or foreign, to disprove the correctness of the grade of the product.

The extent to which this Service has stabilized the fruit and vegetable industry in Texas is evidenced by the fact that 22,000 car loads of these products were inspected last year, at no cost to the taxpayer, this service being financed by inspection fees.

This Division also supervises the enforcement of the Statute which prevents the shipping of immature citrus fruit which is a protection to both the shipper and the consuming public.

It also has supervision of all farmers cooperative organizations in the State, of which there are now some two hundred and fifty.

## Statistical Division:

The Statistical Division keeps records of all agricultural endeavors and accomplishments, and answers all inquiries regarding agriculture, horticulture, and livestock, as well as giving information on other subjects or agricultural projects. In connection with this, the Statistical Division, working in conjunction and cooperation with the Federal Department of Agriculture, administers the Farm Census Law passed by the 42nd Legislature, which law will in the future give a background to Texas as agriculture, and assist in obtaining essential processing and manufacturing plants so necessary in marketing our agricultural products and bringing into our State new agricultural enterprises, and greater uses of our farm products.

The number of persons employed in the State Department of Agriculture varies, because the nature of the work is seasonal. The average taxpayer, who pays an annual tax of \$100, contributes eight (8) cents for maintaining the Agricultural Department.

It pays to feed dairy heifers before freshening. J. E. Coyle of the Dallas County Dairy Herd Improvement Association fed two and checked their production against two which received no preliminary feed. The two received no preliminary feed. The two were fed prior to calving gave 30% more milk than the other two and the extra production paid for the extra feed in one month.
